DONATIONS

The Messenger of Allah ﷺ said:
"The believer's shade on the Day of Resurrection will be his charity." Hadith (Al-Tirmidhi)

The British Majlis of Arbitration & Family Reform exists to serve the Muslim community by providing essential Islamic, family, legal-spiritual and reconciliation services, including Nikah, divorce, Khula, mediation, counselling, fatwa, and Islamic wills.

In order for this work to continue, the Majlis relies entirely on **voluntary donations and contributions** from those who benefit from its services. The suggested contribution amounts listed for each service are intended to help cover the significant costs of operating this charity, including but not limited to: case administration, mediation and arbitration services, document preparation, facility costs, utilities, safeguarding, training.

These amounts are **not fees or charges** for services. They are **charitable donations** made in support of the House of Allah and to over 200+ community projects and services run by the Abrahamic Foundation

We kindly ask all applicants to treat the published contribution amounts as **recommended minimum donations**, reflecting what is typically required to sustain the service you are requesting. They are not fixed amounts and we encourage anyone who is able to give more to do so in order to support this work.

What better way to begin a marriage, resolve a family matter, or seek Islamic guidance than through a charitable act that continues to benefit others long after your own case is complete.
